

ENERGY RETROFIT CO.

LIGHTING. REBATES. SAVINGS

Energy Retrofit Co. has become a national market leader by applying its business process approach to recent innovations in lighting efficiency technology, and increased utility rebate programs.

We focus on helping companies capitalize on the rapid ROI that utility funded lighting efficiency programs provide.

Our dedicated team has successfully performed lighting retrofit services in more than 100 Million square feet of commercial property throughout the US.

With over 45 years of combined experience, we offer our clients an extensive track record in lighting and energy system evaluation, design, implementation and management. We're responsible for your project from inception to completion, to ensure your solution achieves optimum efficiency levels and maximizes your ROI.
